

In memory of Danny.

Give thanks for the time Danny was with us,  
a gentleman in every way.

Born with music ability,  
putting it to use every day.

The love of his life was his family,  
music was his passion.

Traveling highways, and across the Pond,  
he did it all in grand fashion.

His life was doing for others,  
on or off stage he was the best.  
Some days it was a transportation struggle,  
always passing the "pleasing others" test.

His music was from the heart,  
writing, playing, and singing.

Each song, a story told,  
forever within us ringing.

His enthusiasm was inspiration for many,

playing and singing with family and friends.

Someday we will all be together again,

in harmony that will never end.

A special gift was knowing Danny,

a genuine smile, everywhere he went.

Rest in peace, dear friend,

your life on earth was well spent.
